

REMARKS

The Final Rejection mailed May 31st, 2007 is both received and reviewed. By the present Response and Amendment, Claims 2-11 are pending and Claims 2 and 6-10 are amended. No new matter is introduced.

Specification

Examiner objects to both the Abstract of the Disclosure and to the Specification for improper phraseology.

Applicant amends both the Abstract and the Specification to adopt Examiner's required changes. Withdrawal of the objections are respectfully requested.

Claim Rejections under 35 U.S.C. § 112

Claims 2 and 6-10 are rejected under 35 U.S.C. § 112, second paragraph, as failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant amends the claims and the claim language to conform to the requirements of 35 U.S.C. § 112, second paragraph. Accordingly, Applicant respectfully

requests Examiner withdraw the rejection.

CONCLUSION

believed that all the grounds of rejection are overcome and that the application is now
placed in full condition for allowance. Should there be any further questions or
reservations, Examiner is urged to telephone Applicant's undersigned attorney at (330)
